- Upload documents through the web or FTP
- Automatically capture and load emails
- Automatic full-text OCR of documents
- Easy search and retrieval
- Store any file type
- Custom workflow capabilities
- World Class storage and redundant backup
- And much more!

The screenshot displays the Docu•nym web interface. At the top is the 'docu•nym' logo. Below it are several sections:

- Document Information:** Includes a 'Document Type' dropdown menu (set to 'Project Notes'), a 'Document Name' field, and a checked checkbox for 'Autoname based on file name'. To the right is a 'Document Location' tree view showing folders like 'Sc...', 'Ste...', 'Ste...', and 'Stu...'.
- Index Information:** Contains input fields for 'Document Description', 'Project CQ', 'Author', and 'Notes date'.
- Workflow Information:** Features a 'Plan' dropdown menu (set to 'Select...') and a calendar for August 2011. The calendar shows the 8th as the selected date.
- Files to Upload:** Includes a green 'Add...' button.
